The Manual Before You Buy.

BESPOKE CUSTOM DOSSIER

A closer look at the specific car you are considering.

Know the model. Investigate the example. Prepare your next move.
A Custom Dossier brings the vehicle's identity, engineering, market position and purchase considerations into one focused research document.

A LOOK INSIDE

Selected excerpts: 1991 Porsche 911 Turbo (964)

ORIGINALITY & RESALE

"To maintain maximum concours value, the original Bosch H5 headlight assemblies and trim rings must be retained in dry storage."

Understand how a modification can affect the next buyer's assessment.

OWNERSHIP & PRACTICALITY

"Folding split-rear seat backs convert into a rear luggage shelf"

Look beyond the listing photos to understand how the car fits your life.

INSPECTION PRIORITIES

"Inspect the external wastegate diaphragm for hardening or leaks"

Arrive at a specialist inspection with more focused questions.

THE FULL DOSSIER GOES FURTHER

01 | Identity & provenance	Understand the VIN, build details, originality and generation.
02 | Powertrain	Learn how the engine's design shapes the ownership experience.
03 | Transmission & drivetrain	Understand the gearbox, gearing and delivery of power.
04 | Chassis, suspension & brakes	See the hardware behind the way the car drives and stops.
05 | Body, dimensions & visual differences	Recognize the version, configuration and identifying details.
06 | Cabin & usability	Consider controls, comfort, storage and everyday practicality.
07 | Performance & alternatives	Put the car's capabilities in context alongside period rivals.
08 | Valuation & acquisition	Review price ranges, negotiation guidance and inspection priorities.
09 | Local resources & scenic route	Find service resources and a suggested drive around the buyer's area.
10 | Acquisition verdict	Bring the research together to inform your purchase decision.
11 | References	See the technical and market sources listed for the research.

YOUR VEHICLE. YOUR QUESTIONS. A MORE INFORMED DECISION.

Custom Dossier | $199.99 one-time

Illustrative preview from one dossier; scope varies by vehicle and available evidence. Research supports, and does not replace, an independent physical inspection. Full analysis is provided in the commissioned dossier.
